Meeting Minutes

12/24/2016

Members Present: Thomas Bryant

Vickie Whitten

Shasta McClure

Michelle Bryant

Policy and Procedure discussed, no new suggestions made. Recruitment discussed, and how to attract more members. Exercise vs. diet was discussed as a route to new policy suggestion. No agreement made.

A need was brought to our attention for all campuses need for emergency preparedness supplies. Schools are purchasing first aid kits for each campus, to use in the lockdown rooms, and other areas where students congregate. Buckets for use as toilets and possibly other small supplies are needed for these areas. As the numbers are assessed and confirmed, the group is agreeable to providing funds for these needs. No action was taken as of yet, until the amount is specified.

The need for additional funds was discussed, with no specific ideas proposed. Members were asked to think about, and research some ideas, to increase funds in the account.

Meeting adjourned.
