Shasta McClure

Meeting Minutes: \$400.00 given to the nurses of all the campuses for the purchase of emergency supplies for the safe rooms/safety areas. The purchase includes buckets to use as toilets if student are in the safe rooms for an extended amount of time. Supplies also include: Fundraising is needed to fund the SHAC fund. Members are asked to think over the summer for ideas to fundraise. Membership is also low, and finding members to commit is very difficult. Physical education seems to be above and beyond what the state requires, and although the junior high and high school students seem to have more choices in lunch, regulations are being followed. No new suggestions are made for breakfast/lunch service. The program to send food home for the weekends with low income households is still up and running with good results. The next meeting will be scheduled at the beginning of the next school year, and hopefully will bring a few new members to the committee. Meeting adjourned.
