

Jim Ned Middle School Band
2018 MS Band Manager List

Band managers are 8th grade students who come to football games throughout the year to assist with moving equipment for the high school band. Additionally, these students also play with the high school band in the bleachers at games and at the high school pep rallies. Since there are so many students this year, we have divided them into two groups that will alternate away games. All band managers are welcome to attend the home games. There will be a weekly email to give out specific times and group rotation information. Please feel free to contact me if there are any questions!

All the best,

Joshua Howeth
