Such decisions may be appealed to the Executive Committee from whose decision there will be no appeal. Protests alleging that the judges overlooked exhibits will not be considered.

c. Interference with Judges: An exhibitor or his representative who interferes with or displays disrespect to a judge or the Show could forfeit any monies earned or be subject to other penalties assessed by the show.

Animals must have blankets removed and be ready for inspection when called upon by the committee. The sifting committee will eliminate any animal which, in its judgment, is not qualified to compete and may be required to leave the grounds. Decisions of the sifters and/or classifiers will be final and protests will not be considered. Interference with sifters and/or classifiers will not be tolerated.

18. Official Protests: All protests must be made in writing and accompanied by a fee of \$100, which will be refunded if the protest is sustained. Such protests and fees must be submitted to the Livestock Office. Protests must clearly state the cause of complaint or appeal, giving good and sufficient reasons therefore, and must be delivered to the Management immediately upon the occasion for such protest. Protests not officially filed within 12 hours of the alleged incident will not be considered. These cases are referred to the Executive Director, who will have full power to act, and from whose decision there can be no appeal. Judging procedures will not be interrupted for a protest investigation.

19. Breed Representation:

a. Sheep or Goats: Should any breed represented in the open or junior breeding sheep or goat shows not have a minimum of four (4) breeders and sixteen (16) sheep or goats entered in their respective show at the time of entry deadline, their fees will be returned to the exhibitors and no show will be held. Any breed that has more than forty (40) head entered in a single year will be given its own breed show the following year.

20. Show Ring Competition:

a. Entry Numbers: Each entry will be assigned a number. In some divisions exhibitors will receive corresponding cards with numbers which must be displayed by exhibitors during judging.

b. Requirement to Show: Animals properly entered in a show class and passed on by the sifting committee as eligible for competition must be brought into the show ring for competition. Exhibitors who refuse, without Show approval, to lead their animals for parade or for competition in the show ring will forfeit any and all prizes previously won. Also, by refusing the exhibitor may be barred from further participation in the Show and may be required to remove their stock from Show ground immediately.

c. Arena Promptness: Exhibitors are responsible for knowing the times at which their projects will be judged. Judging will not be delayed for animals entering the arena late. Any exhibit not presented promptly will be ruled ineligible and barred from competing in the class.

d. Judging Contests: If and when an exhibitor is called upon to furnish one or more animals for the students judging contest, he or she will cooperate with the Show. Refusing to allow an animal to be used in this manner, without Show approval, could result in the forfeit of any prizes or such other action as the Show deems necessary. Selection of animals will be made under the direction of the department superintendent.

21. Disqualification: Should any animal, project, contestant, or team awarded a prize be disqualified, the lower placing animal, project, contestant or team will not move into the higher position, with exception to market show animals disqualified in a champion drive for weigh out on return to the show ring. Review market show specific rules for more information.

22. Animal/Exhibitor Disqualification: To support fair competition, to provide a level playing field and to protect the safety of food, the showing of unethically fitted livestock, livestock of any ineligible age for exhibition in the class entered, and/or animals being administered unapproved drugs is strictly prohibited. Additionally, any animal that has been administered a drug that is FDA approved for its species is subject to disqualification if that animal test positive for that drug upon arrival at the San Angelo Fairgrounds. All animals must remain free and clear of all drug and chemical residues while on show grounds. How or under what circumstances the animal came to ingest the drug is not relevant to any consideration.

22a. Unethical Fitting: Unethical fitting is defined as any attempt to alter an animal's performance or alter the natural contour, confirmation, or appearance of the animal's body, hide, hair, or feet by any unnatural means.

Examples of unethical fitting include, but are not limited to:

- Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
- Surgical alterations, excluding the removal of warts or horns
- Use of Injections
- Striking the animal to cause swelling in a depressed area
- Use of electrical contrivances
- Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass
- Blocking of nerves to prevent limping or switching of the tail
- The use of diuretics
- The use of alcoholic or carbonated beverages in the feed or administered as a drench

2023 SAN ANGELO STOCK SHOW & RODEO

- Artificially filling animals by stomach pumping or airing injections
- Alternative treatments including but not limited to: Acupuncture, Chiropractic Services, Massage Therapy, Therapeutic Laser, Magna Wave

22b. Over Age Animals: Any animal over the age requirement set forth by rules specific to that division will be disqualified.

22c. Unapproved Drug Use: The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, any unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the Food and Drug Administration (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including those which may be destined for human consumption.

22d. Approved Drug Use: If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the animal does not test positive for that drug upon arrival to the Grounds. **Animals must remain free and clear of all drug and chemical residues while on show grounds.** Please note that elimination time (the time it takes for no drug residue to be found in the system) is typically longer than the labeled withdrawal time for most approved drugs.

22e. Animal Inspection & Testing: As condition for participation in the show, every exhibitor must agree to submit any animal entered by the exhibitor for inspection at any time. Exhibitors agree to have such animal submitted to any test requested by the Show at any time. The exhibitor also agrees that the opinion reached by the Show or its officials as to whether such animal is unethically fitted or over age shall be final and binding without recourse against the Show or any of its officers. Further, the Show specifically reserves the right to have ultrasound, D.N.A., tissue, blood and/or urine laboratory analysis made on any animal entered for competition. The conclusions reached by the laboratory and/or veterinarian shall be final and binding without recourse against the Show or any of its officers. An exhibitor, and members of the exhibitors family, of an animal that is found to be unethically fitted, over age, and/or testing positive for any drug or medication or unapproved chemical may forfeit premium and prize monies and all rights and privileges to exhibit livestock in the future at the Show. Any monies forfeited will be distributed back into the scholarship fund of the San Angelo Stock Show & Rodeo Association Foundation.

22f. Unruly Animals: Show Management, Livestock Committee Leadership, and/or Ring Stewards may remove an unruly animal from the show at any time, if they see fit. There will be no appeal. Cattle must be shown with a halter and sufficiently tame enough to be properly handled by the exhibitor as entered. If the animal exhibited poses a danger to the exhibitor and/or other parties, Show Management reserve the right to remove the project from competition. Depending on the case, projects may be instructed to be removed from the grounds by Show Management. Substitute exhibitors will not be allowed for unruly animals.

22g. No adherence to Rules: Any person found guilty of misrepresentation or not abiding by the Show rules will be disqualified and denied the privilege of showing in the San Angelo Stock Show and Rodeo.

22h. Medication Received Prior to Show: Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing medication to include but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers are ineligible for competition. In instances where an animal has been administered a drug that is FDA approved for its species, the exhibitor must be aware that the time it takes for all drug residue to completely clear the system **is generally longer than the labeled withdrawal time** for most drugs. SASSRA maintains a ZERO TOLERANCE POLICY for unethically fitted livestock. Adequate time must have passed so that the animal does not test positive for drug upon arrival. Once the animals arrive on the SASSRA grounds, they must remain free and clear of all drug and chemical residues.

22i. Emergency Treatment: If an animal requires emergency treatment while on Show grounds, only a licensed veterinarian will be allowed to administer any drug, chemical or feed additive. An exhibitor may choose a licensed veterinarian other than the official Show veterinarian, but the official Show veterinarian MUST be notified in advance and he/she MUST be present. Animals which are administered treatments with a withdrawal or extended elimination time period will be disqualified from competition. Furthermore, the Official Show Veterinarian, in agreement with Show Management, reserve the right to treat any animal if, in the opinion of the Official Show Veterinarian, it is in the best interest of the animal's health and well-being to be treated. If the Official Show Veterinarian administers treatment to an animal, and therefore uses any medication that does not meet the appropriate withdrawal and or elimination time, the animal will be determined ineligible to show for competition.

22j. Treatment Cost: All treatment costs are the responsibility of the exhibitor.

22k. Consequences: In the event any animal is declared by the veterinarian or testing agency to be unethically fitted, test positive for the presence of prohibited drugs or other substances, or disqualified for any reason, the SASSRA President will appoint an Ethics Committee to evaluate the findings. In the event the Ethics Committee shall make a determination whether the exhibitor shall permanently barred or barred for a specific period, from further participation in the San Angelo Stock Show and Rodeo. Reinstatement of anyone barred as set forth herein, may be made only by the Ethics Committee. Further, in the event of disqualification as set forth herein, the Ethics Committee is empowered to determine that the exhibitor shall forfeit all titles, awards, prizes, auction proceeds, premiums, and scholarships for all entries if the animal and/or exhibitor is disqualified. Market/Floor money shall be forfeited if the animal is condemned at slaughter. The San Angelo Stock Show and Rodeo, may in its sole discretion, submit the name(s) of any disqualified exhibitor to the Rule Infraction Database of the North American Livestock Show and Rodeo Managers Association.

22l. Probation: An exhibitor may be placed on a probationary status if results of drug tests are inconclusive, confirmation of a primary test cannot be granted, or another situation questioning the ethical fitting of livestock arises. The probation grants the right for the San Angelo Stock Show and Rodeo to collect ultrasound, D.N.A., blood, tissue and/or urine samples for laboratory analysis on any animal entered by an exhibitor on probation at the exhibitor's expense. An exhibitor may remain on probation for any amount of time and may be released from probation only by the Board of Directors upon recommendation from the Ethics Committee.

23. Animal Handling Devices: Show management or leadership reserve the right to decide what constitutes as acceptable show equipment and how the equipment is being used by the exhibitor. **Cable halters are prohibited for all species.**

- a. Animals must be in good health and carcasses free of drug or chemical residues.
- b. Drug label directions for use and withdrawal periods must be followed. Please note that elimination time (the time for no drug residue to be found in the system) is typically longer than the withdrawal time for most approved drugs.
- c. If drug or chemical residues are found in tissue of carcasses, the entire carcass may be condemned.

The San Angelo Stock Show and Rodeo will in no way be liable or responsible for the condition of the carcasses or the sale price of the animal. In such cases, the exhibitor forfeits all rights to any and all proceeds including: Auction Price, Scholarships, Premium Awards, Market (Floor) Price and Special Awards.

25. Federal Food, Drug and Cosmetic Act: As required, in 21 CFR 589.2000, entry in the Junior Market steer, lamb, and goat shows shall serve as verification by the exhibitor that, to the best of their knowledge, while under their ownership, possession or direct control, the animal(s) were not fed any feed containing ruminant-derived meat or bone meal. Entrants agree to allow packer inspections of feed ingredient records and facilities.

26. Even if the source of the drug is unknown, the San Angelo Stock Show and Rodeo shall be entitled to disqualify the exhibitor. Disqualification results in forfeiture of all prize money and auction proceeds.

The show considers itself an interstate (accepting entries of livestock from within Texas and from other states) show for livestock entries. Exhibitors with livestock originating outside the State of Texas are encouraged to contact their state Animal Health officials to confirm specific requirements, if any, their state may impose on animals returning from a Texas show. All swine shows are intrastate (accepting entries from within the state of Texas only) for entries.

CERTIFICATE OF VETERINARY INSPECTION: The certificate must indicate that the accredited veterinarian found the animals or fowl to be free of symptoms or evidence of communicable disease and that all tests, immunizations, or treatments required by the Commission were completed. For certain diseases, a specific statement may be required indicating disease free status. The certificate is required to accompany animals and fowl entering the State of Texas as stated in the following summary of entry requirements. The certificate is valid for 30 days for all species.

PRIOR ENTRY PERMITS: Entry permits are required as noted in the following summary of entry requirements. Permits may be obtained by calling 512/719-0777(24 hours), or 1/800-550-8242 or by writing the Texas Animal Health Commission, 2105 Kramer Lane, P.O. Box 12966, Austin, Texas 78711-2966.

1. All rules apply to the Junior Steer Show. Please refer to the General Rules and Junior Show Rules.
2. To be eligible to exhibit in the 2023 Steer Show, all steers must be validated in the Texas 4-H and FFA Steer Validation Program. Each entry must have been recorded on a 4-H or FFA Steer Validation Form Master List between June 1 and June 30. Exhibitors must have owned and cared for their steers continuously since June 30, 2022.

A hair follicle sample will be collected from all breed champions and all reserve breed champions and DNA analysis will be conducted on each of these hair follicle samples. The Steer Committee may also collect a hair follicle sample from any other steer entry from the purpose of conducting a DNA analysis. Any steer not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken from the steer at the time of enrollment in the validation program will be disqualified.

Steers arriving at the show and show ring without an official Texas Validation Steer Tag or not having been tattooed by the official steer validation committee are ineligible. Steers must be validated in the Texas 4-H and FFA Steer Validation Program. The official State Validation tags will be the show tag. Separate tags will not be issued.

3. Previous exhibitors of the Grand Champion Steer are not eligible to enter the Junior Steer Show.
4. Each exhibitor will be permitted to enter no more than two (2) steers.
5. Steers will be stalled in the Housley Communications Cattle Barn located North-East of the Coliseum. Enter Gate 6 off of 50th Street/Lake View Veterans Memorial Drive. Stalling assignments will be made upon arrival.

Exhibitors will need to present their disposition (weight) card with the validation number and show weight completed at the time of classification. Hair length will be checked at this time, as well as other show requirements such as horns and tags in addition to validation tags.

2023 SAN ANGELO STOCK SHOW & RODEO

Classifiers will then determine if the animal meets breed standards. If the animal does not, they will determine which breed the animal should show in at that point, instead of the animal being presented multiple times. Show management or committee representatives will take the disposition (weight) card and mark the breed determined. At that point, check-in will be complete. There will be no kiosk system for the market steer show.

Superintendents will break classes immediately following classification.

7. Steers must weigh a minimum of 1000 pounds. Any steer weighing under 1000 pounds will be sifted.

9. Steers will be presented for re-weighing during judging in the show arena at a time designated by the Superintendent. Any steer leaving the show ring and later returning for additional judging may be re-weighed. Any steer weighing more than 5% above his initial official show weight will become ineligible for any award or the premium sale. Steers coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. Any steer not within 5 percent of his initial official show weight will become ineligible to compete, however will still be eligible to sell in the premium sale as a breed champion. 1. All rules apply to the Junior Barrow Show. Please refer to the General Rules and Junior Show Rules.
2. To be eligible to exhibit in the 2023 Barrow Show, all barrows must be validated in the Texas 4-H and FFA Swine Validation Program. Each entry must have been recorded on a 4-H or FFA Swine Validation Form Master List between November 1 and November 30. Exhibitors must have owned and cared for their barrows continuously since November 30, 2022.

A hair follicle sample will be collected from all breed champions and all reserve breed champions and a DNA analysis will be conducted on each of these samples. The Barrow Show Committee may also collect a hair sample from any other barrow entry for the purpose of conducting a DNA analysis. Any barrow not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken at the time of enrollment in the validation program, will be disqualified.

Validation tags will be used for identification and must be present in the animal's ear at time of check-in. Any animal missing their validation tag at time of show will be disqualified. Separate tags will not be issued for show.

3. Previous exhibitors of the Grand Champion Barrow are not eligible to enter the Junior Barrow Show.
4. Each exhibitor will be permitted to enter no more than two (2) barrows.
5. Barrows will be stalled in the Gandy Ink Livestock Barn. To enter the grounds for livestock unloading and loading, all trailers will enter the fairgrounds on the North side at Gate 6 off of Lake View Heroes Drive. There will be two lots indicated for trailer staging. At the direction of officials, trailers will be allowed to

back up to the West Side of the Livestock Barn for unloading. Once unloaded, vehicles will exit Gate 2, circle back towards Gate 6 to proceed toward the trailer lot.

6. Pen assignments will be made upon arrival.

7. Official disposition forms must be picked up from the staging area when getting pen assignments at the time of check in. Exhibitors will be required to turn in official disposition cards (Herein after referred to as weight cards) after the completion of the Self-Check-In process at the kiosks located in the Sale Pavilion.

To check in, Exhibitors will scan the independent barcode located on the weight card. Exhibitors will be prompted by the kiosk to enter all information from the weight cards, such as breed, weight, etc. The Self-Check-In process is subject to change. All four weight cards must be filled out in addition to the information entered in the kiosk. The information entered into the kiosk at Self-Check-In must match the weight cards and will prevail in the instance of a discrepancy. All information must be entered into the kiosk and weight cards turned into show personnel by 4:00 pm on the day of check-in.

After completing the Self-Check-In, the kiosk will generate a confirmation receipt. It is the responsibility of the Exhibitor to ensure that all information on the receipt is correct. Exhibitors must submit the weight cards in its entirety to show personnel, who will then give the exhibitor a portion back that will be required for placement on the truck. It is recommended that exhibitors keep confirmation receipts from the kiosk throughout the duration of the show.

Superintendents will break classes immediately following the weight card & Self-Check-In deadline.

8. Barrows weighing less than 250 pounds or more than 290 pounds will be sifted. There will be a 10 pound weigh back on both the top and bottom of the weight submitted.

9. The Barrow Show Superintendent will have the right to weigh any animal in the barn at any time. Any animal not weighing within 10 pounds of the weight turned in will be sifted and sold based on their actual weight and not the weight in which was turned in on their disposition card. There will be a \$20.00 penalty charge taken from the exhibitor's floor check.

10. Barrows will be designated for re-weighing during judging in the show arena at a time designated by the Superintendent. Any barrow leaving the show ring and later returning for additional judging will be re-weighed. Any barrow not weighing within 10 pounds of his initial official show weight will become ineligible for any award or the premium sale.

Barrows coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. **Any barrow in the grand drive from Wave 1 or Wave 2 not weighing within 15 pounds of his initial official show weight will become ineligible to compete.** Barrows weighing out in the grand drive will still sell in the premium sale as a breed champion. If a champion barrow weighs out and is disqualified, the reserve champion within the same breed division will be able to compete for grand.

11. There will be no clipping of barrows after arrival. Only water may be applied to the animal, no artificial color, paste, powder, oil or other dressing is allowed. Any animal found to have any product other than water applied will be disqualified.

2023 SAN ANGELO STOCK SHOW & RODEO

14. All barrows remain the property of the exhibitor until they are loaded on the packer truck. Any unethical practice will release the show from liability and remains the responsibility of the exhibitor. In the event the Stock Show is unable to obtain an adequate packer bid, all animals will remain in the possession of the exhibitor and will be taken home by the exhibitor.
15. All animals that qualify for the sale must sell in the premium sale and will not receive any additional premium monies. All 1st and 2nd place exhibitors are required to attend the sale, Saturday, April 15, unless a substitute exhibitor exception is granted by show management. 2. Only Black Angus are allowed in this show.
3. All exhibitors are eligible to compete for a Junior or Senior Showmanship award. Exhibitors 13 years old or younger on January 1, 2023, will be eligible to compete for Jr. Showmanship, and exhibitors 14 years old or older on January 1, 2023 will be eligible to compete for Sr. Showmanship.

4. If any classes have an excessive number of entries, they will be divided into two or more classes according to American Angus Association guidelines.

The American Angus Association, 3201 Frederick Avenue, St. Joseph, MO, will participate in premiums offered in individual classes for Junior Angus heifers, as included in its standard show classifications, according to the premium schedule based on the number of head shown. The Association's contributions will be included in the premium checks issued by the show.

A minimum of fifteen (15) head must be shown in the Junior Angus heifer classes to receive American Angus Association premium participation. The show is not required to have all classes to be eligible for premiums. Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.

To be eligible for association premiums, the entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individuals show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay a percentage on premiums offered in the championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.

Exhibitors must have the original registration certificate on each animal available for inspection at the show.

Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-tattooed and rechecked at the show.

When any female is shown with a calf at side, the calf must be the cow's most recent natural calf, and the calf must be registered by show date and have the original registration certificate at check in.

Only one person at a time shall lead animals into the show ring.

2023 SAN ANGELO STOCK SHOW & RODEO

Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair); use of graphite, powders, hemp or other similar substances exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

For an exhibitor to be eligible at shows for premium monies contributed by the American Angus Association, each exhibitor is subject to Part 3, Section IX of the Association’s rules entitled “Eligibility, Conformation, and Structure of Animals Presented for Exhibition.” Included in this is Rule 11: “Effective July 1, 2004, at any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, member owners, or individuals assisting an exhibitors at such show shall be allowed to use any coloring agents on any animal exhibited.” The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a “white towel” or “white glove” test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

DNA marker or blood type for parentage verification – Under Association Rules each animal, for which entry application (registration) is received, may be subjected to a DNA marker type or blood type test to verify ACCURACY OF PARENTAGE as covered under Association Rules. Staff of the American Angus Association must supervise the collection of DNA or blood samples. Animals are often sampled at shows, fairs, or events where the American Angus Association contributes premiums or where Association personnel participate.

If a recorded parent is excluded (as a parent) as a result of DNA or blood type, the owner may request, at his own expense, the Association to determine the actual parent. Failure to determine the sire and dam disqualifies the animal’s eligibility in the Angus Herd Book and the registration certificate becomes null and void.

Wool Divisions:

Suri Wool: Suri llamas have a natural balanced, athletic type, which may appear narrower than llamas of other fiber types when viewed from the front or rear. The fleece of a Suri Llama should have a natural luster and hang and drape over the llamas body, usually forming a natural part of the spine. The fibers are grouped into very distinct and well-defined locks with many individual separate locks of fiber formed at the skin and carrying out to the ends of each lock. The fleece should be lustrous, the locks independent and consistent in size, and the degree of wave or spiral content throughout the neck and body. The fiber is also characterized by absence of crimp and minimal loft.

Light Wool: Minimal body wool, short neck wool with smooth legs.

Medium Wool: Moderate to long body wool, minimal to moderate neck wool, smooth to moderate leg wool.

Heavy Wool: Abundant body and neck wool with minimal to abundant leg wool. (i.e., leg wool at least to knee and hock).

Produce of Dam and Get of Sire Classes: These classes are entered under the name of the Dam and Sire. Registration certificates of the Dam or Sire must be sent with the entry. If Dam &/or Sire is not present at the show, an ALSA fee of \$10.00 must be sent with the entry. There may be more than one entry for a Dam or Sire but only the top placing will earn points.

-Produce of Dam consists of two offspring by the same dam, each shown in appropriate halter classes.

-Get of Sire consists of three offspring by the same sire by a least two dams, each shown in appropriate class.

-Offspring must be designated to show management before these classes or held.

Age Divisions for Animals Entries: Age determined by the age of the llama on the day they enter the ring in halter.

Juvenile.....5 through 12 months

Two Year Olds.....24 through 36 months

Yearling.....12 through 24 months

Adult.....36 months and older

Show management reserves the right to combine wool divisions if lack of enough entries warrants the decision.

-Ribbons will be awarded in all classes for places 1-5. Rosettes will be awarded for all Grand and Reserve Champions

-Additional cash premiums are offered by the San Angelo Stock Show Association.
