

KEEPING UP WITH THE LATEST TECHNOLOGY TERMINOLOGY

2009 Technology Terms

Search the internet for the most current (uncommon) technology terms for your generation. Find technology terms that are not familiar to the average person.

1. Find **TEN** technology words.
2. Each Word must have the **correct** definition (**paraphrase / use your own words**) and come up with **TWO incorrect** definitions that could seem to fit the word.
(**find uncommon words!**)
 - √ One of the words need to deal with i-phones/touches
 - √ No more than one of the words can be texting acronyms
3. **Do not copy and paste!**
4. Mark the correct definition with an *
5. Save as 2009 Tech Terms
6. **DO NOT PRINT** – you will print at the beginning of period tomorrow.

EXAMPLE how to set-up terms:

1. doppelblogger
 - *Term given to a blogger who plagiarizes
 - Term given to a blogger that blogs ALL the time
 - Term given to a blogger that has numerous blog sites
